

## WATOC BOARD MEMBERS

The WATOC Board in its present form was established by Henry F. Schaefer in 1996 after he became WATOC President. It consists of WATOC Fellows and Elected Members.

The original 1996 Board was appointed by the WATOC leadership by including the first Schrödinger Medalists (1991-1996) and selected recipients of early WATOC Medals (1987-1990) as WATOC Fellows and by complementing the Board with other leading scientists as Elected Members.

Thereafter, each Schrödinger Medalist became an ex-officio WATOC Fellow, and in addition, the Board elected new members in its triennial meetings.
